D E S C R I P T I O N

PRODUCT COVERED:

Special-Use Switches, Component.

Cat. Nos.	Electrical Rating	Temp. (°C)	POL/THR	PP	ENDUR	SPCOA
USL, CNL, Series TECNO	15 A, 125 V ac	65	1/1	--	6K	--

Model Identification Code (Nomenclature Breakdown):

The following Model Identification Code applies to all TECNO Series switches.

* Example: **TECNO 11 1 3 1 1 2 3 000 W**
Z Y X W V U **T** **S** **R** **Q**

Z = Series Identification - Always TECNO

*Y = Type of Terminals (Tab, PC Board, Soldered)

*X = **Scheme (On-Off or momentary action)**

*W = **Rating**

*V = **Body color (Factory Use)**

U = **Rocker color (Factory use)**

*T = **Symbology color**

S = Symbology

R = Special Execution

Q = Optional

GENERAL:

METHOD

The devices covered by this report are single pole, single throw, General contact and momentary contact (N/O and N/C) type special-use switches. Series No. TECNO, f/b descriptive suffixes, not affecting electrical operation.

ENGINEERING CONSIDERATIONS (NOT FOR UL REPRESENTATIVE USE):

Use - The switches covered by this report are for use only in complete equipment where the suitability of the combination is determined by Underwriters Laboratories Inc.

CNL - denotes evaluated in accordance with CSA C22.2 No. 55
USL - denotes evaluated in accordance with UL 1054
